

VOTING RECORD FOR 2025

The below table summarises our voting records for the calendar year 2025

# Resolutions voted on	250
Votes for management	246
Votes against management	4
Abstention	0

The reasons for the votes against the management team pertained to re-appointment of certain Directors, who in our opinion were not best suited for the position, lack of clarity on the stock compensation, and equity share issuance that in our opinion was not in the favour of minority investors.
